[Easy Sales] The Secret Power of Special Reports [Time Sensitive]

Hi %\$firstname\$%,

I hope you enjoyed your special report on my favorite surefire, low-tech way to make money online.

It's how I made my first few grand years ago!

If you haven't downloaded it yet, here's the link again:

Just right-click (PC) or control-click (Mac) on the following link to download it:

Of course, a special report isn't going to do you much good just sitting on your hard drive. So go ahead and take a few minutes to actually read it.

Oh, and take action!

Now about that WSO offering EXCLUSIVE, CUSTOM-WRITTEN reports for YOU.

Why would you want one and how would you use it?

Here's how...

Are you sending people to a website (your own or an affiliate link) and hope they're buying stuff?

If you're not capturing their information and follow up with them, you're literally leaving money on the table (ouch, what a cliché, but it's so true!)

You already know the money is in the list (ooh, another cliché), though not just any list but a targeted list.

And how better to get a targeted list than to attract your perfect subscribers with something they're really interested in, and that also aligns with what you want to sell.

A match made in heaven...

So if you want more leads, get a special report.

If you want to start building a connection with your new leads, get the autoresponder add-on.

Ditto if you want to increase your chances that they'll buy stuff.

Claim yours by clicking here:

<http://budurl.com/srws0>

This offer will be closed as soon as I have enough takers (and the price will go up, so the faster you act, the better for YOU).

I'm offering to write a limited number of special reports to my own list and to my friends on my favorite forum ;-) who take action fast.

More about what to do with your reports next time.

All best,

Elisabeth

[Easy Sales] Why get your own custom report [Can You Guess?]

Hi %\$firstname\$%,

Alright. Let's get down to business.

Here's the scoop about getting your own custom special report and what to do with it.

Why would you want your own?

Having your own report allows you to post it on a bunch of giveaway sites, which will greatly increase your audience.

You can be assured that no one else has the exact same report.

I will keep rights to the report for myself, but I will rewrite it significantly (including the title) so yours is going to be unique, and mine will be too ;-)

And no one else is going to get rights to that report.

So you can put your name on it and know no one will come and say, Gee, I just got that same report from so-and-so,... What's up with THAT?

As you can see, you have many more options if you have your own report... and that means that you'll be able to make more mon.e.y with it too, provided you'll put it to use.

So.... what can you do with your special report?

Set up your squeeze page and a thank you page.

Set up your autoresponder. Upload your report.

And then send traffic to it.

Where will you find the traffic?

I'll give you a few tips next time...

Meanwhile, if you're at all interested, better act before they're all gone and claim yours by clicking here:

<http://budurl.com/srws0>

Remember, this offer will be closed as soon as I have enough takers (and the price will go up too, so the faster you act, the better for YOU).

All best,

Elisabeth

P.S.: Look for my next email to find out how to use those reports to attract your favorite leads.

P.P.S.: In case you wondered... Yes, you can get more than one report! Just add the number of reports you want on the order form.

Just don't wait too long... To get in before the price goes up or the specially priced reports run out, click here:
